

The Egide Edge in Quality:

- **Exceptional Customer Satisfaction**
- **Delivers Quality parts on Time**
- **Continuous Improvements through measurable initiatives**
- **Effective Communication of Customer & Regulatory Expectations**

Our people are our edge!

To provide products in such a manner that satisfies all of our customers so much that they recommend our products to their peers, that our employees are proud to manufacture these products, and that our investors are pleased with their long-term return.
